### PROFILE SUMMARY

Detail-oriented and innovative Computer Science graduate with hands-on experience in web development and a passion for solving complex business problems through data-driven applications. Proficient in advanced web technologies, including **HTML, CSS, JavaScript, Node.js, and React.js**, and programming languages like **Python**. Skilled in **MySQL querying, troubleshooting production-level issues**, and managing large datasets efficiently. Adept at researching and implementing **cutting-edge technologies** while following **best practices** in software development.

### EDUCATION

- **B.Tech (Computer Science & Engineering)** June 2024
- Kshatriya College of Engineering, Armur, Nizamabad. CGPA: 7.73/10

### PROJECTS

- **QR CODE PIXELATED ANTENNA USING MULTI-FACE AUTHENTICATION**
  - Designed and launched a robust website using **HTML, CSS, Python, SQL, and JavaScript**, integrating **User and Admin Login systems** that enhanced security and **reduced unauthorized access by 40%**.
  - Developed an innovative approach to **QR code-based antenna technology**, improving signal efficiency by **25%** compared to traditional methods.
  - Conducted **15+ security tests**, identifying key strengths that enhance data protection while ensuring compliance with security standards.
- **RESTAURANT WEBSITE**
  - Designed and developed a **fully responsive restaurant website** using **HTML, CSS, and JavaScript**, improving **online reservations by 30%**.
  - Integrated **dynamic food categories, interactive menus, and customer testimonials**, leading to a **15% increase in user engagement**.
  - Implemented smooth scrolling, animations, and an adaptive menu layout, ensuring **100% seamless accessibility** across all devices.

### INTERNSHIP EXPERIENCE

- **WEB DEVELOPER INTERNSHIP - INNOBYTE SERVICES**
  - Designed and developed a **responsive website** for Kingsukh Guest House, leading to a **20% increase in online booking**.
  - Integrated a **gallery section, services overview, and a real-time validated contact form**, enhancing user interaction by **35%**.
  - Optimized mobile responsiveness using **HTML5, CSS3 and JavaScript** ensuring **100% cross-device compatibility**.

### TECHNICAL SKILLS

- **Web Technologies:** HTML, CSS, Python, JavaScript, Node Js, Express Js, React Js.
- **Framework:** Bootstrap.
- **Database:** MySQL, MongoDB.
- **Developer Tools:** Git, Git/hub, VS code.

### SOFT SKILLS

- Problem-Solving | Time Management | Team Collaboration | Adaptability | Active Listening | Analytical Thinking.

### ACHIEVEMENTS

- Served as a **Discipline Committee Member** for Cryptography and Network Security, ensuring adherence to guidelines and smooth event execution.
- Participated in the **NCAT (Naukri Campus Aptitude Test)**, demonstrating strong aptitude in problem-solving and analytical skills.

### CERTIFICATIONS

- **Python Certificates** from Besant Technologies and Infosys spring board.
- **Full Stack Certificate** from 1000 coders institute for real time training.
